COVENANTS & BYLAWS is EVERYONE'S RESPONSIBILITY

Every homeowner has a right to enforce any covenant or restriction. If a neighbor is in clear violation of a covenant or a restriction, talk with them about it. If necessary, you can document by taking pictures and sending them to the board. Ultimately you also have the right to file a petition in district court to force them to comply. If you are successful, the offending neighbor will be liable for a reasonable attorney fee.
